### Registration of bibliography

The rules for the preparation of lists of references for authors are drawn up taking into account the "Uniform Requirements for Manuscripts Submitted to Biomedical Journals" of the International Committee of Editors of Medical Journals.

A correct description of the sources used in the bibliography is a guarantee that the cited publication will be taken into account when evaluating the scientific activities of its authors and organizations where they work. The bibliographic description of domestic journals is complete, foreign ones must correspond to the style of PubMed or MEDLINE. The order of compiling the list: Author (s) of a book or article (with a group of authors up to 6 people inclusive, all are mentioned, with large groups of authors - 6 first authors "and others", in foreign - "et al."); If the authors of the books are editors, after the surname should be put "ed.", In foreign "ed."; Title of the book and article; Output.
